
Declutter Chatbot

Conversation Interfaces
Sanchit Gupta, Nanjiaxu Jiang, Hongru Hou

Goal

Our goal is to help people declutter their applications and improving the quality of their feed by unfollowing and following accounts based on your dislikes and likes. Essentially helping people remove the unnecessary and focus on the things they value most.

Instagram declutter

Make suggestions based on:

1. Dislikes

Unfollow accounts based on your
disinterest in the topics

2. Interests

Follow accounts based on your
interest in topics

3. Inactivity

No avatar
No description
No post

4. Interactivity

Zero like
Zero comment

Future Applications

Thank You ☐
